

Click™ Portal for Grants

Configurable Software to Speed eSubmission,
Improve Award Management

Start quickly, add features as you go with Huron's Click™ Portal software for grants management. Set up a standard routing sheet and centralized eSubmission system in as few as 30 days with our GrantsXpressSM Deployment Process, then gradually add full grants management functionality, including online budgeting and award management.

Click Portal for Grants provides a customizable transmittal sheet, full internal routing, review, notifications and error checking to ensure a first-time successful submission, plus a grants opportunity finder. Post-award, the system streamlines renewals and amendments, incorporates subrecipient monitoring, and enables full integration with existing accounting systems for post award tracking.

Only Click™ Portal

- Enables an incremental approach to comprehensive grants management via our GrantsXpressSM Deployment Process
- Provides a centralized system for integrating grants processes with key compliance processes such as IRB and COI
- Enables sharing best practices via the industry's most active user group
